Following the completion of your golf round, you will be treated to a NY Strip Steak, salad, dinner rolls, a baked potato, and dessert. Special event prizes will be given away at this time.

**What is Spina Bifida?**

Spina Bifida is the most common permanently disabling birth defect in the United States. It occurs when the spine of the baby fails to close during the first months of pregnancy. Surgery to close a newborn's back is generally performed within 24 hours of birth to minimize the risk of infection and to preserve existing function in the spinal cord. There are 60 million women at risk of having a baby born with Spina Bifida. Each day eight babies are born with Spina Bifida in the United States.

The effects of Spina Bifida are different for each person and there is no known cause. Physical conditions associated with Spina Bifida are mobility impairments and bowel and bladder complications. The costs incurred by this birth defect are significantly high, and the Spina Bifida Association of Northwest Ohio strives to provide assistance, support, and information to the many families in our area that are affected by Spina Bifida.

A donation of \$75 per golfer is due with your registration.

Complete Registration below and mail with check before June 13, 2009 to:

SBA of Northwest OH  
Attn: Golf scramble  
2211 River Road  
Maumee, OH 43537
